B.Tech Computer Science & Business Systems

2025 - 2029 (Expected)

CERTIFICATIONS

WORK EXPERIENCE

Founder & CEO

2020 - Present

JAY TECH SOLUTIONS

- Founded and scaled a business software company from scratch at age 15 while in class 11.
- Designed, developed, and deployed 7+ software products serving 50,000+ users across India.
- Built JAY AI (Gemini API chatbot), JAY POS (Electron), JAY CRM (Next.js), JAY ERP (Laravel), JAY CLOUD, JAY OFFICE, and Jay Invoicing.
- Managed full product lifecycle: conception, architecture, development, deployment, and support.
- Registered as Udyam MSME - fully bootstrapped with zero external funding.

Technical Support Specialist

May 2024 - Feb 2025

RMK Associates, Tenkasi

- Provided technical support and IT solutions for enterprise clients.
- Gained hands-on experience in enterprise IT operations, troubleshooting, and client relationship management.
- Developed strong problem-solving skills in a fast-paced professional environment.

KEY PROJECTS

AK CODE - Programming Language

Ongoing

Personal Project

- Ground-up programming language with x86-64 assembly bootstrap compiler (NASM). Targets Linux ELF and Windows PE/COFF natively.
- Natural English-like syntax with full standard library: AI/ML, web server, database, math, UI modules.
- Includes custom IDE (AK IDE) with multi-agent AI panel for code review, refactoring, testing.
- Spec: 900+ lines, 100+ language features, 2 architecture targets.

Fake OS - Windows Desktop Simulator

Ongoing

- Windows-like desktop environment simulator built in C using Win32 API.

- Features gradient desktop rendering, taskbar, start menu, and window management via GDI.

- Demonstrates low-level systems programming and Windows platform expertise.

- JAY AI: AI chatbot & automation platform using Python and Google Gemini API.

- JAY POS: Enterprise point-of-sale system with Electron, inventory management, billing.

- JAY CRM: Next.js-based customer relationship management platform.

- JAY ERP: Laravel-based enterprise resource planning system.

- JAY CLOUD: Scalable cloud infrastructure platform.

- JAY OFFICE: Monorepo office productivity suite.

ACHIEVEMENTS

- Awarded Certificate of Merit by IBM India Research Lab & PALS (IIT Alumni initiative)
for LLM Systems (2024)

- 3rd Prize (Second Runner-Up) - IEEE Ignite, Kalasalingam University (cash prize INR 2,500)
